

Whether you are planning to use your equipment over the winter months or laying it up ready for the spring, some attention now will save you cost and downtime in the future

## GET READY FOR THE FREEZE

### Laying up for the winter?

Protect your engine from diesel bugs gumming up your fuel injection system by dosing your engine with DEUTZ Additive. It stops the build up of deposits ensuring a safe start up in the spring.

<b>Additive</b>	<b>1 litre</b>	<b>£14.99</b>
	<b>5 litres</b>	<b>£69.99</b>

### Working through?

Keep your engine protected by using DEUTZ coolant. Developed to protect your engine against freezing down to -22°C with a 35% minimum volume.

<b>Coolant</b>	<b>5 litres</b>	<b>£13.75</b>
	<b>20 litres</b>	<b>£55.00</b>

### Just need to keep your engine in the best condition?

Rigorously tested to work with and protect all DEUTZ Tier 3 engines, DEUTZ oil will keep everything running smoothly.

<b>Oil</b>	<b>20 litres</b>	<b>£50.00</b>
<b>TLX 10W40</b>		

We keep stocks of parts for all DEUTZ engines, from filters through to turbo chargers and the full range of DEUTZ fluids, available for same day collection or next day delivery.

For all your DEUTZ parts requirements, contact us on
